✓ TRUST STRIP

Built for South African SMEs

Simple credit insights

AI-powered risk signals

Fast business checks

WHY CREDBUDDY

Late payments shouldn't be a surprise.

Growing a business means trusting new customers — but uncertainty can slow you down.

CredBuddy highlights key business signals and confidence indicators so you can better understand who you're working with before you supply.

No complicated reports.

No guesswork.

Just clear insights that help you move forward.

⚙ HOW IT WORKS

Check first

Search any business and instantly see clear risk indicators and confidence signals.

Understand the risk

Simple visuals help you understand payment behaviour trends and business stability.

Trade smart

Use insights to support your decisions and build stronger business relationships.

⭐ FEATURES

Confidence Score

A simple overview designed for busy entrepreneurs — no financial jargon.

Risk Signals

Visual alerts highlight areas you may want to review before trading.

Payment Behaviour Insights

Spot patterns early and reduce uncertainty.

Smart Business Search

Find and check companies quickly across South Africa.

🤝 BUILT FOR REAL BUSINESS OWNERS

CredBuddy was created for suppliers, service providers and growing SMEs who want more certainty when doing business.

Warm, simple and practical — just like a good business partner should be.

💬 SOCIAL PROOF (PLACEHOLDER)

Trusted by growing businesses across South Africa.

★ "CredBuddy helps us feel more confident before delivering to new clients."

★ "Simple insights that actually make sense for small businesses."
